Keith James should be recalled from his elected office as the Mayor of West Palm Beach, Florida for misfeasance and malfeasance, as described below:

- 1) Keith James abused his power by failing to immediately alert residents, elected officials of West Palm Beach, and neighboring cities of dangerous toxins found in the drinking water in May of 2021. His inaction endangered the health and welfare of residents and their pets. James admitted in an interview with WPBF that he should have alerted City Commissioners and other Mayors sooner than he did to prevent unnecessary use of water contaminated with a toxin produced by blue-green algae detected in our water treatment plant several days before an alert was sent to residents.
- 2) By urging the award of a no-bid security contract to a company operated by one of his friends in violation of both Florida Statute 287.001 and City Charter Article 4 Sec. 4.04. Specifically, in 2019 the city awarded a \$7.9 million dollar security guard contract to Professional Security Consultants (PSC) with no required competitive bidding.
